

The IRMG Difference

IRMG SAVES UNDERWRITERS \$1.2 MILLION IN 2010 TO DATE

At International Risk Management Group we make it our own personal creed to save underwriters and insurers money on claims. We are extremely proud to announce that in the first three quarters of 2010, IRMG has saved Underwriters \$1,237,451 through negotiation with healthcare facilities, saving up to 40% on individual claims. Such savings obviously translate into savings for underwriters and insurers, but also mean that struggling insureds don't have the burden of paying medical bills and waiting for reimbursement. Saving money on claims is just one way IRMG delivers a win/win/win. Insureds win, allowing them to focus on the things that are important. Underwriters and insurers win, saving money on claims. IRMG wins, delivering excellent claims management to our partners time and again.

On our team, we have a Registered Nurse, a Certified Public Accountant, and an Attorney at Law, which means you get a professional legal, medical and financial opinion at no additional cost. In addition to an expert opinion, your claim will be handled by our experienced Claims Examiners and communicated to you by our seasoned administrative staff.
